

Activities – On Wheels

Motorised activities always get the juices flowing and adrenalin junkies will be totally satisfied by any of the myriad of wheel-based activities M&MR can arrange for you. Everything from super cars to mini diggers and a lot more in between is at your disposal.

Oh, and we've thrown in a few "alternatives" involving teamwork, caterpillar tracks and horse and pedal power, to name but a few!

For further details, simply contact M&MR on **01295 770933**

Segway Racing

Forget all previous motorised experiences; riding a segway is a unique and thrilling experience. Segway racing is the latest motorised craze that offers a new dimension to an already popular theme. Try your hand at mastering these two wheeled chariots – once you're on you will not want to get off!

Powerturn 411

Co-ordination is the name of the game here. When both levers are fully forward the Powerturn will travel forwards at up to 30mph using its twin 200cc engines at the same time doing a "wheelie" - but if one lever is pushed too far forward the vehicle turns 360 degrees!

4 x 4 Off-Road Driving

Take charge of a four wheel drive vehicle around our purpose built course and experience the thrills and spills of the turns, climbs, dips and bends.

Blindfold Driving

Your colleagues will be responsible for guiding you blindfolded around a course – a superb trust exercise, and especially difficult when you can't say "left" or "right"!

Quad Bikes

Four-wheel beasts driven around a tight circuit. Timed laps and an obstacle course add to the fun.

Quad Bike Trail

Your team ride the bikes around a great cross-country style circuit, in a 'follow my leader' format behind the instructor – a chance for speed, skill and co-ordination in an excellent combination.

Honda Pilots

Fast-moving, dune-buggy-like four-wheeler. Strapped into a safety cage race around the course. The M25 will never be the same again.

Steer Buggy Snooker Relay

Want to turn left?... oh dear, you'll have to turn right to go left and left to go right, good luck! It gets worse – our unique challenge will send you snooker loopy as you try to get the highest "break" of untouched, colour-sequenced "gates"!

Vintage Tractors

Ooh-arr! How are your co-ordination skills? Can you get the hay stacked in time? Can you steer a two-ton monster to victory?

Mini JCB Challenge

A test of skill driving a mini JCB – holes to be dug, things to be flattened – and time's ticking! Can you fix it?

Hovercraft

A single seater hovercraft on a grass circuit. It really takes some control to turn a corner, especially as you skid and skim with the wind behind you!

Grass Karts

Go Karts with special wheels for off-road competition. The sense of speed is increased through racing only inches above the ground on bumpy terrain. Just don't drive home like this!

Argocats

An amphibious, eight-wheel personnel carrier that drives like a tank with wheels driving independently

Buggy Build

Each team have to complete a set number of laps of the circuit in the fastest time possible – however in order to get to that stage, they must first do some fast Pitstop work to get their buggy built!

"Wacky Races" – Pedal Car Spectacular!

Remember Dastardly, Muttley and Penelope Pitstop? Well here's your chance to re-enact the plot as you attempt – in one of eight teams – to race each other "around the globe" to become the "World's Wackiest Racer". This challenge involves the teams assembling and racing a full-sized pedal powered kart. In addition, these karts need to look as much like the original vehicles as possible (e.g. the Boulder Mobile, Creepy Coupe, Compact Pussycat and Mean Machine). The closer the vehicles look to the originals, the further up the track they will start... Drat, drat & double drat!!!!

Track Days

An exhilarating day of motorsport based from Karting to Ferraris...For anyone that's ever wanted to be a racing driver, we can provide the perfect experience.

Rally Driving Day

Now is the chance for you and your guests to experience the excitement and exhilaration of a real special stage rally. To focus the mind and further increase the authenticity of the event, we introduce tracks that have not been practiced on, or seen by the competitors.
