

Entertainment – Activities

Combine a superb evening dinner for guests with fun-filled, unique and memorable dinner entertainment and you have a night to remember. Each activity lasts about two hours and the M&MR entertainment activity portfolio will leave you bowled over and your guests begging for more.

For further details, simply contact M&MR on **01295 770933**

QuizMania

It is a well-known cliché that “everybody loves a quiz” and this is particularly true of our perennially popular interactive gameshow. Phenomenally successful, the quiz can incorporate any required themes and can be entirely personalised for your event and shaped around your requirements. QuizMania is a pot pourri of all the best interactive participation games you’ve ever played and one or two that you haven’t! It is fun entertainment with something for everyone and definitely not designed to tax your participants in a serious manner.

Note: we can provide any number of variations on this theme – popular alternatives have included a ‘Chris-Mania’ at Christmas; ‘All At Sea’ on ships, ‘Cor Blimey’ at pubs; or ‘At A Gallop’ at racecourses – the options are very much open to your requirements

Give It A Whirl

A fun, personalised, interactive gameshow involving the audience themselves. We find out in advance who the show-offs are in your company, or at least who isn’t too shy to “stand up and be counted!” On the night, the pre-selected rounds are randomly worked through – by a member of the audience spinning a wheel. Interspersed with this, any or all of those individuals we know about in advance could also “become” a ‘round’ by performing or displaying a particular talent we have been told about, utilising any number of props or costumes we provide! Each of the rounds involves guests getting up from their seats and ‘doing things’ as opposed to any kind of passive quiz – this is energetic, frenetic, very colourful, and VERY funny!

Banzai

This is about the most interactive entertainment ever! Banzai is completely mad, and is more like a comedy show than anything else. There will be a series of rounds, but it’s not a “quiz”; rather, teams have to bet (points/fun money) on the outcome of various ridiculous propositions, projected onto a giant screen and/or acted out live by some of your guests. Hilarious games & amusing films abound, the fun money flows... and you will have a SUPERB and memorable evening!

“This Is Your Life”

A combination of a “profile”, “Oscars Evening” and quiz, this event is designed specifically to honour individuals or groups, either as a reward, incentive, ‘departing gift’, morale boosting event or just for fun! It relies on full audience participation as the information we research about the individual, team, product or company to be profiled is turned into a mix of showcase and game show. The results are unique, very entertaining and, of course, highly memorable for all those concerned!

Test The Nation

State-of-the-art graphics, a great set and a personality compère turn this famous television format into a fun “quiz” with instant results for all participants to sort the wheat from the chaff! An especially effective conference breakout challenge as it can, of course, be entirely personalised to cover the content of the conference – reinforcing messages in a fun way and discovering those who have not been listening!

A Night At The Races

Our highly acclaimed video horse racing presentation is suitable for even the most prestigious events. State-of-the-art DVDs, stunning props and a whole team of enthusiastic, lively staff make our race nights a unique form of entertainment.

Casino Evening

Our authentic, full-size quality tables ensure that almost any room can be converted into your own personal casino. Individual spotlighting and decorative pot plants add the finishing touches while our friendly, experienced and professional staff ensure the atmosphere is as close as you can get to the real thing – but without the risk!! A variety of the most popular and enjoyable casino games from around the world are available.

Murder Mystery Evening

Ideally suited to dinner entertainment, though we can run these in the morning, all day, a weekend, over an entire month if you want! Aside from the good old British bobby, we have attracted the attention of the Garda, the Gendarmerie, the Polizia, Interpol, & even the NYPD. Of course, we use professional actors, encourage audience participation and have a selection of comedy scripts (these can be tailored to you).

“Waes Hael” (Medieval Banquet)

Welcome to Ye Olde Worlde – an exciting, vibrant & colourful themed party where décor and action combine to make a memorable Medieval evening.... In a room festooned with shields and drapes, guests will be entertained throughout by the jesters, duelling knights, madrigal singers, a trial and ‘execution’ and bawdry musical romps, culminating with the hilarious Golden Arrow competition

Yee-Har! (Wild West Evening)

Take your “pardner” by the hand as you reel your way through an evening of good, bad and ugly proportions! Once through the saloon swing doors, your guests will almost be able to smell the atmosphere of Western frontier land. Cowboy theming will adorn the room and as sounds of piano music emanate, a whole host of action could be taking place, from shoot-em-up cowboy skill games, to casino tables or even a fiery rodeo bull!

GoldenNight (007 Evening)

A mix of fabulous theming, exciting Bond-related activity and glamorous staff make our "GoldenNight" the best on the market.

"Thriller": A Horror Spectacular

Not so much 'Hallowe'en' as hilarious! This takes the 'ghoulies and ghosties' to its logical extension by creating a wonderful, spooky atmosphere. As an extra option involve guests themselves by re-enacting and filming the 'creatures of the night' of the Thriller video itself...

Big Boys' Toys

Turn your evening into something with a big impact with each team given tokens to participate in a series of popular challenges, from Scalextric to target shooting, or simulators to a roulette wheel. Each challenge earns you fun money or a place on the leader board and by the end of the evening, everybody will have had the opportunity to take part in every activity around the room, as well as enjoy the convivial atmosphere of the bar and actually watching the activities take place.

Comedy Waiters

If you're entertaining guests, then these are a perfect alternative! The performers infiltrate and work alongside genuine waiters and waitresses, giving your guests an unforgettable evening of unique comedy and music. From pre-dinner drinks, through to coffee, your unsuspecting guests will witness a whole host of amusing and unusual capers

Close-up Magician

Why not let one of our 'masters' of close-up magic and 'sleight of hand' entertain guests during pre-dinner drinks, during or after dinner.

Caricaturist

Let one of our professional caricaturists sketch you and bring out your personality and facial features – but watch out if you have big ears or a pointy chin!

"The S Factor"

It takes guts, steely determination and a whole lot of talent to make it in the world of pop music. With so much competition, it is a struggle for even the most skilled and highly trained performers to get just one foot on the ladder to fame and fortune. But this won't dampen the spirits of your amateur hopefuls who will take part in S Factor, for the chance to win fame, fortune and the adulation of their peers by becoming the most successful pop tribute act.

Pitstop Challenge

In our very enjoyable F1-related challenge, teams are tasked with designing and building a working model racing car. All cars must be "self-propelled" and cannot be aided by pushing, pulling or similar means. The discussion, debate and frantic rushing to-and-from the 'Pit Shop' breaks the ice even before construction begins! With the cars ready - the deadline seems to always come as a surprise! – cars are 'raced' one at a time on our 'grand prix circuit' with the one travelling furthest winning.

Armada

As per the Pit stop Challenge (above), but teams are tasked with designing and building a working model ship. In addition to all the above options, teams can choose to put sails on their craft and purchase a "blast of wind" (varying strengths and durations) from our Chandler's shop. The results are often hilarious as entrants propel themselves either forwards, backwards or not at all!

Blind Tasting Challenge

If you have ever wondered how Masters of Wine identify grapes, countries and years in wine without seeing the label, then you and your guests will be enthralled at just how much you can detect in wine and how quickly the necessary skills can be developed. This is an interactive exploration of your senses combined with great fun & teamwork; as a bonus guests will also learn to unlock the mysteries of picking good from bad, finding the bargains and avoiding corked and problem wines.

Giant Scalextric – The GS 500!

Most know Scalextric the toy, but probably do not appreciate the potential as a participation event. Each team has to complete a host of challenges, both on and off the track in order to earn money to keep their car running. Everything is based around QUALITY, ENDURANCE AND SPEED. It is fast and frantic and a very entertaining team-oriented exercise.

Rolling Thunder – The RT500

As per Giant Scalextric above, but instead of our eight-lane GS track, this is its somewhat bigger brother! Rolling Thunder is full contact motor racing, with six drivers at a time driving 18 inch stock cars. Speeding around a 22 metre banked oval super speedway with crash retaining barriers provides non-stop action. You can crash and burn, grab reverse and still make the turn with full-sized steering wheels and forward and reverse gears for complete driver control.

Masters & Commanders

This is, in effect, a variation on the board game "Risk", but with specially adapted rules & played on a giant 8' x 8' board looking like a map of the entire world divided up into countries, or territories. Each of the 42 territories borders on one or more other territories, and each territory is also a member of a group forming a continent. The teams' task is simple: conquer the world!

Chocolate Making Workshop

This is a workshop designed to make you think. Teams will receive a chocolate branding mission designed to test their creative skills and strengths. With a Dragon's Den style judging panel and fantastic prizes up for grabs, we guarantee a high level of creativity... and a little friendly competition.

Antiquity

Teams of sleuths must identify a number of original Victorian artefacts used in households and businesses just 150 years ago. The cause of much debate as teams work out what the items are, what they are worth, their age and primary use. Many are bizarre, hilarious or simply fascinating. Educational and fun, encouraging interaction and instigating conversation topics between guests.
