

## Entertainment – Dinners & Awards

An authentic themed evening dinner or a sparkling award ceremony can provide an enthralling and memorable event. Behind all the glitz and the glamour lies careful planning, attention to detail, creative thought and military precision to pull it off seamlessly. M&MR offers technicians, designers and event managers to ensure this happens with the minimum of effort on your part. Below are some of our more popular themes and features.

For further details, simply contact M&MR on **01295 770933**

### Theming The Room

Whatever your budget we can tailor a party theme to suit and always aim to be one better than the competition. Whether it's a 'Pirates of the Caribbean' night, Las Vegas, Ancient Greek, Black & White, Independence Day, Down Under, African Safari or other theme such as those outlined below, we have the equipment, props, special effects, design skills and staff to totally "wow" guests from the moment they arrive to the point they leave.

### "Waes Hael" (Medieval Banquet)

Welcome to Ye Olde Worlde – an exciting, vibrant & colourful themed party where décor and action combine to make a memorable medieval evening.... In a room festooned with shields and drapes, guests will be entertained throughout by jesters, duelling knights, madrigal singers, a trial and 'execution' and bawdry musical romps, culminating with the hilarious Golden Arrow competition.

### Yee-Har! (Wild West Evening)

Take your "pardner" by the hand as you reel your way through an evening of good, bad and ugly proportions! Once through the saloon swing doors, your guests will almost be able to smell the atmosphere of Western frontierland. Cowboy theming will adorn the room as a whole host of action is taking place, from shoot-'em-up skill games, to casino tables or even a fiery rodeo bull!

### Prohibition

Step back into 1920's America with your very own gangster themed event. Al Capone, Bugsy Malone and other criminal masterminds of the era are all here as you undertake in this illegal party! Although your first challenge will be gaining entry to this exclusive event, doormen with tommy guns require the secret pass code before you can even consider your first moonshine!

### Moulin Rouge

Whisk you and your guests to 19th Century Paris with our fabulous Moulin Rouge Theming incorporating our 4m Eiffel tower and 3D Windmill. This really is a theme not to be missed! Red drapes and carpet are in abundance combined with table centres, ambient lighting and if you really fancy it can-can dancers!

### Harry Potter

Ever fancied a game of Quidditch or an afternoon at Hogwarts learning witchcraft and wizardry! Now is your opportunity to challenge Lord Voldemort as we transform the room into your very own wizarding world. Castles, gargoyles, cauldrons and dragons will make this dinner stand out from the rest!

### GoldenNight (007 Evening)

A mix of fabulous theming, exciting Bond-related activity (shooting, racing & gambling) and glamorous staff make our "GoldenNight" the best on the market.

### "Thriller": A Horror Spectacular

Not so much 'Hallowe'en' as hilarious! This takes the 'ghoulies and ghosties' to its logical extension by creating a wonderful, spooky atmosphere; or as an added extra involve guests by asking them to re-enact & film the 'creatures of the night' of the Thriller video itself.

### Awards Ceremonies

A vital part of success is rewarding and recognising it. Whether creating the right ambience to celebrate the company's success or recognising individual contributions, M&MR can provide the service, creativity and elements you're looking for.

### A Night At The Oscars

Possibly the most popular form of award ceremony, it brings the glitz & glamour of Hollywood directly to your door with the objective of making guests feel like superstars – it's 'red carpet treatment' all the way...

### "This Is Your Life"

A combination of a "profile", "Oscars Evening" and quiz, this event is designed specifically to honour individuals or groups, either as a reward, incentive, 'departing gift', morale boosting or just for fun! This event relies on full audience participation in a mix of showcase and game show – the results are unique, very entertaining and, of course, highly memorable for all those concerned!

### Pre-dinner/Background

Formal dinners are almost always, and justifiably, preceded by guests convening in one area for pre-dinner drinks, cocktails, champagne or canapés. The ambience at this stage is vital in ensuring guests relax, mingle and interact. A great way of ensuring this is to provide some fantastic entertainment or background music/visuals. We can provide any number of possibilities from musicians to magicians, caricaturists to musical acts, comedy waiters to paparazzi, or superstar "look-alikes" to interactive entertainment.

*"All your staff were very friendly and the service provided was outstanding. I have never enjoyed losing money so much!! The guests all had a very enjoyable evening. Thank you for making the event a success and I look forward to working with you again."*
